

Adult Social Care Discussion Event

What's the event about?

We want to find out people's experiences of using social care services: what's good, what's not so good, and how it could be better.

We'll be producing a report of our findings to share with commissioners and key decision makers.

Who is the event for?

It's for everyone who uses social care services in Sheffield, including:

- older people
- people with disabilities
- people with learning disabilities
- people with mental ill health

Book now!

Book online at Eventbrite: healthwatchsheffield.eventbrite.co.uk
