Closes Tuesday 6 February 2018

Visit <https://sheffield.citizenspace.com/communities-business-strategy/wardpriorities> for more info and to give your views by Wednesday 14 February 2018, or contact Matthew Rush on matthew.rush@sheffield.gov.uk, 0114 2735708.

'The experiences of Deaf people accessing health and social care in Sheffield' report available to download – Healthwatch Sheffield

Healthwatch Sheffield, in partnership with Citizens Advice Sheffield and Disability Sheffield has carried out an investigation into the experiences of Deaf people accessing health and social care services in the city. Approximately 75 Deaf, Deafblind and hard of hearing people shared their views during 3 workshops. Common themes emerged, including:

- The communication needs of Deaf people are not routinely recorded and flagged by providers of NHS or Adult Social Care.
- The communication needs of Deaf people are not routinely shared between GPs and hospitals.
- Provision of British Sign Language interpreters is inconsistent and unreliable, causing people to disengage from services and to suffer unnecessary distress.

Download the report at www.healthwatchsheffield.co.uk/reports. As well as this report, a British Sign Language video summarising the recommendations and the responses from providers will be uploaded to the Healthwatch Sheffield website to help Deaf people understand what they can expect from services.
