**INTEGRATED PERSONAL
COMMISSIONING**

Making a Reality of Health & Social Care Integration for Individuals

Do you have an interest in or experience of personal budgets and personal health budgets?

Following on from our session at the beginning of September when we talked about Integrated Personal Commissioning we would like to invite you to the 2nd session to:

- Learn more about Integrated Personal Commissioning
- Discuss how you can get involved locally to help to improve our experience of health and social care
- Talk about how you would like the group to develop

The meeting is open to anyone with a disability, complex health condition or affected by mental health issues and family members caring for someone.

We are planning to meet on a regular basis providing an opportunity to influence how Integrated Personal Commissioning is delivered locally

We are able to pay travel expenses. Please let us know if you have any access requirements to enable you to participate.

Refreshments will be provided
