

We cordially invite you to join our new LGBT+ dementia group.

11th August 2022

1pm to 3pm

Activity Room 1 (Ground Floor), Weston Park Museum, Western Bank, Sheffield S10 2TP

(please contact us as the venue may change for later sessions).

The group will be led by people living with Dementia, with carers/supporters and staff from voluntary, health, social care, and academic organisations etc attending as guests. Thanks to all the individuals and organisations helping to make this happen (including SOAR Community, DEEP Shindig, Sheffield Museums and Zest).

It will provide an inclusive safe space for people living with Dementia from the LGBT+ community, providing support information and friendship.

There will be opportunities to become involved locally and nationally in the issues that matter to the group, connecting to other groups such as LGBT+ Sheffield, The LGBTQ+ Dementia Advisory Group, LGBT Foundation, Bring Dementia Out and Stonewall

The first couple of meetings will be a getting to know each other and to find out what everyone wants from the group, choosing a name for the group and an opportunity for members to be involved in the running of the group.

For information and to book a place contact Rosie Strathearn-Brady:
