

10 May 2017

Dear Sir/Madam

You are invited to the Integrated Personal Commissioning (IPC) visioning event to be held on **29 June 2017, 10.30am-4pm in the Ambassadors Lounge at Bramall Lane.**

Sheffield Clinical Commissioning Group (CCG) has been successfully chosen to be an early adopter site, for IPC. Sheffield CCG currently delivers Personal Health Budgets (PHB) to people with continuing health care and is now looking to role this out further, being an early adaptor site means we can bring this vision forward to 2018. IPC is a new approach in joining up health, social care and other services at the level of each individual.

What IPC means for your patient?

- To deliver a better quality of life and enhanced health and well-being
- Fewer crisis' that lead to unplanned hospital and institutional care
- Better coordination and personalisation of care and support services

What is Integrated Personal Care?

Through IPC, individuals, carers and family members can take an active role in their health and wellbeing, providing greater choice and control over the care your patient needs through personalised care planning and personal budgets (PHB). This event will help you in your role to support patient's to gain a better understanding of what an IPC is and how it can help with their health needs.

Why do I need to attend the IPC Visioning event?

Sheffield Clinical Commissioning Group (CCG) needs your help to develop a vision and model on how IPC can be delivered in Sheffield, and it is invaluable we have your ideas, thoughts and support in achieving this.

Who will be attending this event?

Sheffield CCG will be inviting a range of participants including GP practice staff, voluntary sector organisations, Sheffield Health & Social Care, Sheffield City Council and patient representatives.
