

DIABETIC FOOT HEALTH

Are you interested in diabetic foot health?

The **innovations in diabetic foot health monitoring** project would like to involve members of the public in shaping its research projects.

What is the innovations in diabetic foot health monitoring project?

This is part of the Healthcare Science Innovation Fellowship Programme, in collaboration with Devices for Dignity (D4D): the NIHR HealthTech Research Centre (HRC) in Long-Term Conditions). We are developing technology innovations in a healthcare setting.

What will being a member of the public engagement group entail?

- **Attendance at the workshop**

This will be a one-off meeting with the option to attend again towards the end of the project.

- **During the workshop**

You will be asked to offer your perspective as a person with lived experience of diabetes on the development of the project. This is an important part of making sure the innovations we make is relevant to you, your life and other people with diabetes.

What sort of people are we looking for?

- Someone with experience of the issues that matter to people living with diabetes
- Confident to speak/ input at meetings.
- Able to listen to others.
- Have a friendly and approachable manner.
- An interest in diabetic foot health.
- To be aware of different perspectives.

Our responsibilities or what you can expect from us:

- To be able to contact a designated member of staff before and after each meeting by phone or in writing.
- To be welcomed and listened to.
- To be made aware of opportunities to be involved in research.
- To have any accessibility needs taken into account where possible.
- To be kept up to date with project progress and receive feedback on meetings.
- To receive travel expenses for attending. If you come by public transport or use a taxi, please bring along a receipt or get in touch for pre-payment.
- To receive a 'thank you' voucher to acknowledge your time (£25/hour).

Workshop: Thursday 12th December.

10am-12pm, lunch provided at 12pm (Please email any dietary requirements)

If you are interested or would like further information about getting involved please contact:
